

## Meritec RoHS Directive 2011/65/EU and 2015/863/EU

Meritec is aware of the substance restrictions set forth by the RoHS Directive and has been working with our Suppliers to ensure that we meet Customer requirements for RoHS Compliance.

Our Compliance Department is constantly working to maintain a database of RoHS compliant parts. Currently, a large majority of Meritec parts do not contain any of the RoHS restricted substances above the set limits.

If you require information on a particular part number, requests can be made to [info@meritec.com](mailto:info@meritec.com). Please be aware that the only way we can certify a part's RoHS Compliance is evaluating the content of finished parts.

EU Directive 2011/65/EU (Restriction of the Use of Certain Hazardous Substances in Electronic and Electrical Equipment) aims to prevent hazardous substances from entering the production process and thereby keep them out of the waste stream.

- lead (Pb) < 1000 ppm
- mercury (Hg) < 100 ppm
- hexavalent chromium (Cr(VI)) < 1000 ppm
- cadmium (Cd) < 100 ppm
- polybrominated biphenyls (PBB) 1000 ppm
- polybrominated diphenyl ether (PBDE) < 1000 ppm

Directive (EU) 2015/863 of four additional substances as of July 2019

- Bis (2-ethylhexyl) phthalate (DEHP) < 1000 ppm
- Butyl benzyl phthalate (BBP) < 1000 ppm
- Dibutyl phthalate (DBP) < 1000 ppm
- Diisobutyl phthalate (DIBP) < 1000 ppm
